"The concert tours of each choir are important because it shows his maturity, his artistic level, and thus gives the notability and recognition. The fact that "Dagilėlis" has performed in many countries around the world and is a winner of international competitions suggests that the choir has achieved some great results and great reputation. This is a great honor for Šiauliai as well as Lithuania. I am very happy and I love this choir." (Prof. Saulius SONDECKIS).
